Aerix Hand Dryers

Bradley's complete line of Aerix hand dryers cover any application or budget. These dryers reduce paper towel and energy costs, protect the environment, keep noise levels down and are easy to use and maintain.

NEW Aerix+ dryers incorporate the latest technology for the fastest drying times available. And the vertical, dual-sided dryer has an easy-to-empty water collection tray to keep floors and walls clean.

Save time, money & headaches

- Renovation installation made easy: mounting holes match those of most popular models
- Universal voltage adjusts automatically and saves installation time
- Sanitary, hands-free operation
- Contemporary, sleek design

The latest dryer technology for ultra fast dry times.
Extremely powerful, yet highly efficient.

Model 2921 Series

2902-2874

Value Models Non-Adjustable

Model 2903-2800

Infrared electronic detection sensor.

Model 2904-2800

Push button activation with a 34 second timer.

Model 2905-2873

Modern design with automatic activation.

Aerix® hand dryers lead the initiative to be more sustainable with no deforestation, less energy usage and no pollution risk.

- No paper towels
- No paper towel storage
- Low maintenance

Did you know:

An average school using 30 hand dryers saves one ton, or 17 trees worth, of paper towels per year

Paper towels create millions of cubic feet of waste in landfills

To make one ton of recycled paper, it takes 7,000 gallons of water, 360 gallons of oil, 158 million BTUs of energy; and 86 pounds of pollutants go into the atmosphere

Over its lifetime, just one hand dryer will produce 3 tons less CO₂ than the production of the towels it replaces. (4.6 tons vs 1.6 tons of CO₂)
